CITY GOVERNMENT.

ORGANIZATION OF CITY GOVERNMENT.

Tuesday, January 2d, 1917.

The members of the city government for the municipal year of 1917, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Ex-Mayor George H. Eames, at ten o'clock in the forenoon, and the announcement made that George H. Eames, Jr., having been officially notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office by law prescribed was administered to the mayor-elect, George H. Eames, Jr., by Hon. George H. Eames, who then introduced him to the aldermen and councilmen and to the citizens who were present.

After roll-call by the clerk, His Honor Mayor Eames administered the oath of office to the following named members of the boards of aldermen and councilmen, to wit:

BOARD OF ALDERMEN.

Ward 1.—Harry C. Tiffin.

Ward 2.—George W. Sargent.

Ward 3.—Harry B. Muchmore.

Ward 4.—Edwin A. Ellis.

Ward 5.—Charles A. Robinson.

BOARD OF COMMON COUNCIL.

Ward 1.—John H. Simpson.

Earl W. Capron.

Ora C. Mason.

Ward 2.—Elbridge H. Ingalls.

Robert C. Jones.

Harry C. Tenney.

Ward 3.—Albert A. Alger.

Arthur M. Russell.

George W. Burns.

Ward 4.—Frank D. Morgans.

George L. Wheeler.

Carl G. Beverstock.

Ward 5.—John Elliot.

Louis P. Butler.

Roy V. Whitney.

Prayer was then offered by the Rev. H. Sumner Mitchell, as follows:

We turn to Thee, Almighty God, in this New Year and at the beginning of this new government for Thy guidance and support. We realize that civilization has developed, that the wealth and power of nations have been crystalized into useful activity, that towns and cities have prospered when men have turned to Thee for counsel and inspiration. We would not be unminded of our dependence upon Thee and we pray, Heavenly Father, that we shall so conduct the affairs of office that our work, in Thy name, shall not only redound to Thy glory but that this community shall realize that our high hopes and holy aspirations impel us to administer this office in the name of justice, righteousness and peace. Amen.

After the prayer Mayor Eames delivered his inaugural address. Frank H. Whitecomb was elected city clerk and Albert

W. Green city messenger, and the councils then adjourned until 7.30 o'clock.

At 7.30 o'clock in the evening the common council organized by the choice of Frank D. Morgans as president and Harry E. Gale clerk.

THE MAYOR'S INAUGURAL.

I wish to welcome the ladies and gentlemen gathered here, and to congratulate the members of the city government of 1917 upon their election and installation. I note with pleasure the faces of former members back for another year, whose experience will go far in assisting us in our duties.

In accordance with the provisions of the city charter we are met here today for the inaugural exercises for the year 1917. At this time I will briefly review the doings of the past year and make such recommendations as occur to me as fitting for the occasion.

In the first place it will be well for me to refer to the retiring mayor, O. E. Cain, who was obliged to leave his office and business in order to serve his country with the 1st New Hampshire infantry, in the position of major. This incident was much regretted by all.

It is my hope that this municipal year may be marked by hearty cooperation on the part of both boards and in this way much may be done. The groups of individuals made up into committees each have their part to do and should meet in session and get views of all members on each subject under consideration, instead of getting together on the street, and assenting to something which they know little about. You have

the right to know all that is going on in the council at all times and should not cast one vote until you thoroughly understand the question before you.

The public has the right of petition at all times and their petitions should receive careful consideration on your part.

In this review figures will not be used to any extent as these may be had from the city reports now published and on the table in the clerk's office for distribution. The first thing we are most naturally interested in is the finances of the city. The bonded indebtedness of the city today is \$115,000.

In years past money paid the city for cemetery trust funds has gone into the treasury with other money and has been used as occasion required, as was authorized by statute. At the last session of the legislature an act was passed whereby cities and towns were obliged to elect a board of trustees of trust funds and pay over to them for investment all money of this nature the city or town had received prior to this time.

Keene elected the three cashiers of the Keene, Ashuelot and Citizens national banks as such trustees to serve in terms of one, two, and three years, respectively, as they seemed to be the men best fitted to handle these funds. Notes, ten in number, of \$1,000 each, were given, one coming due each January beginning in 1917. In this way our trust funds will be intact and all paid up in ten years.

During the year just passed the city has received from other cemetery funds and paid over to the trustees for investment the sum of \$2,000, showing that this method of caring for lots, even after the families may be extinct has proven very popular and is to be commended.

On March 2d, 1916, the councils authorized an issue of

bonds to the extent of \$50,000 to care for the floating debt, which dates back to the building of the west side road without raising money for its construction. These bonds are issued to come due in the years of 1920-1925 inclusive. This retiring of the floating debt leaves a working capital which the councils should ever guard and not get the city in the way of another overdraft.

The finance committee feel that in the recommendations they have made to the councils for the ensuing year they have allowed enough for each department in case we do not have unforeseen calamity, such as for instance the flood of two years ago which washed our roads so badly and cost a good deal of money to repair. These things cannot be provided for in advance.

The band concerts and the safe and sane Fourth of July celebrations met with the approval of the public, as shown by their interest and attendance.

The playground proposition was taken up again this year under the same committee and they kept within their appropriation and their report is very interesting and may be seen in the city report. All of these things I would recommend to you for continuance as giving us one and all helpful recreation and entertainment.

The land and buildings committee have turned over to the city during the past year an up-to-date incinerator plant, the duplicate of one at Dover, which has been in successful operation now for three years. Our plant is working well and should do away with the problem of the city dump. I would strongly recommend to you that all steps possible be taken to stop the

dumping of putrid and decaying matter in other parts of our city now that we have this plant.

During the year the councils set aside \$5,008.50 in connection with state aid money, \$1,001.60, for the construction of Park avenue and the Concord road.

A cement bridge of splendid construction was put in on the Concord road and a fine road built there and on Park avenue. Both jobs are a credit to the committees which built them.

The state aid patrol system on our state roads is working first rate, as usual, and the different sections are in good hands. Our city patrol system is working well on some of our better dirt roads.

As to taking state aid at five dollars to one dollar help from the state I think the matter should be looked into at some length before this city government gives up the control of building their road for so small a financial aid.

A good many streets and sidewalks around town have received attention this summer and there are a great many more which must have early attention in the spring. There is some fault found that our streets other than our state roads do not get attention enough. This is a matter which the councils should see to, that all may get the good from the money spent each year.

The superintendent calls attention in his report to several places needing repairs. I want to call attention toward two of these places in particular. I think both of these should have permanent improvement made on them this next summer. One is the Chesterfield road from the arch to the foot of the hill

beyond Carl Johnson's house and one of the bad turns a little up the hill should be straightened.

This road has very heavy travel, and it is likely that as much or more trade comes into Keene from this direction as any, unless it be up Washington street, which already has a fine road.

Lincoln street, both North and South, is badly in need of repairs as it is hardly passable at many times of the year.

It is to be hoped that the department can get an earlier start this spring than it did last, that the scraping and smoothing up of the older roads and what new work the councils may order done may be accomplished before time comes in July when the men and teams of this locality become engaged in haying. For a considerable time after hay making is started it is almost impossible to hire men or teams and the wages paid are much higher making the cost of the work very much more.

Next we come to our fire department which is to be congratulated on the small fire loss of the past year. The retiring mayor saw fit to recommend in a communication the motorization of the department to a certain extent. The amount to be determined by the councils. I feel that I must touch upon this subject at this time. If any motor apparatus is contemplated this year the councils must add the estimated cost of same to the recommendations of the finance committee, to be raised by taxation this year, as this would not be legitimate for a bond issue as it could not be called a permanent improvement, as machinery is never figured as such, and this apparatus should be paid for, if bought, by the councils that buy it, out of the money raised that year. The finance committee purposely left this out of their report, not knowing whether the councils

wished to buy any apparatus at this time, and, in case they did wish to do so, the committee had no way of knowing what size or priced machine they would favor.

If the councils are at all interested in this matter I would strongly recommend that they get reliable data from cities, which have outlying districts as we have here in Keene, and who might now be running motor apparatus and then give the matter careful study. This is a matter which means much to the tax payer today and in the future both as to expense and efficiency of operation.

In the water works, sewer and drain departments there is the same problem facing us that has existed several years in regard to the lower end of Beaver brook from Church street south and the open ditch between Church and Water streets. It is to be deplored that several years ago, when an enabling act was put through the legislature allowing the city of Keene to widen and straighten Beaver brook, and service was obtained on nearly all the land owners adjoining the brook, that the matter was allowed to drop and now if we take advantage of the act of the legislature we shall have all of the work to do over again. Several hundred dollars have since been spent on the brook in this locality which amounted to nothing, serving only as a relief. If anything is done there let us fix it in permanent shape.

A drain is much needed at the upper end of Carroll street where it was petitioned for last year.

The parks of Keene are well kept up and a good many citizens avail themselves now of their usefulness, but more would do so if we had facilities at Wheelock park for out of door sports, such as a good ball field and also greens for other

sports that might be called for. Drinking fountains might be located about the premises so that family gatherings could have access to water without interfering with each other. Also another small pavillion with a stove for use of such parties would be appreciated. The friendly competitions of high school teams, Sunset league and shop teams in any line of sport, is a pleasing part of our social life and is to be encouraged. We have an asset in Wheelock park which many cities would have to pay a great amount of money for and then not have the natural advantages this park has.

You will find on the table when you take up your duties at the first regular meeting an interesting report giving details of a well managed library, a self supporting water department, and efficient fire and police departments, and the careful management of the cemeteries and parks. I will not weary you with these matters but desire to call your attention to the recommendations of the board of health as regards the election of a health officer vested with more power than the board now enjoys. Two members of the board of health have resigned, on account of the work conflicting with their business, ex-Mayor C. G. Shedd, and Dr. A. A. Pratte. Their resignations now lie on the table waiting your action.

The duties of the board of health have been many, this summer on account of the epidemic of paralysis, which was well handled by the board. In closing I would like to ask that you have the Minister lot, so-called, in the north part of the city and the Fairfield lot, so-called, on upper Roxbury street, looked over with a view to ascertaining if there be any timber on these lots which could be cut to advantage.

Having asked your cooperation as individuals and as groups forming committees, I now with pleasure pledge you my own cooperation, that we may derive encouragement and strength from our mutual responsibilities.

A BRIEF HISTORY OF THE PUBLIC PARKS OF KEENE.

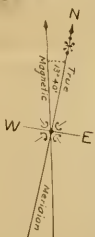

CENTRAL SQUARE AND PARK.

We sometimes hear the remark that the early proprietors of Keene showed wonderful knowledge and foresight in planning our Central Square, or civic center, with its radiating streets, to so nearly conform to the most approved ideas of city planning today.

The probable truth is that they did not look far into the future, but the plan has been developed from various circumstances that have arisen from time to time, with more regard to the present than future needs, or like Topsy "it just grewed."

When the proprietors came in 1733 and established the south line of the town from their first survey station at the "Statia," they laid out the town street on the first available land, which was the high ridge between the river and the brook, affording good building sites and allowing good land for tillage on the half mile lots which they laid out on either side of the street. The building of houses required lumber and a saw mill to prepare it. The most available site for the mill was on Beaver brook about one mile north of the street, where a mill was built, and a road laid to it Oct. 2, 1738, which defined the present line of Washington street and the east side of Central Square.

The next road laid out from the town street was to Ash Swamp, March 5, 1754, although a road had been travelled over

the same course before that time. It left the main street about where the Lamson block now stands and was called "Poverty Lane." Two months later a road was laid out east of the river toward Surry and Walpole, connecting with the Ash Swamp road near the present south end of School street. The first road laid out to Beech hill and the towns lying easterly was on March 5, 1762, called the road to Packersfield, and was laid out by the way of the present Water street. This shows the original plan of the early proprietors, with roads provided for travel in all directions as at present, but nothing to locate the present Central Square.

In a town meeting held Jan. 28, 1754, the location of a meeting house being under consideration, the former building having been burned by the Indians, it was "Voted that the meeting House be set upon the Road that goeth From the Town Street to the Mills on the Highest Ground Between the Causeway by William Smeed's and the Bridge by the Clay Pitts Near Eleazer Sanger's Land on the Road." William Smeed lived on the east side of the town, now Main street, nearly opposite the present railroad station and the causeway, or bridge over the stream later known as the Town brook, was a few rods northerly. The bridge by the clay pits was over the same stream a little north of the present City Hall. The meeting house was located where the soldiers' monument now stands, the south side being nearly in line with the present north line of West street, although the latter was not laid out for nearly twenty years.

At a previous meeting they had voted to set the building at the corner of the Ash Swamp and Surry roads, now West and School streets, but the location was changed owing to "the Unfitness of the Ground to set a meeting House and the Exposedness to Fire and to the Enemy in Case of War." The new location was fortunately chosen in view of subsequent developments, being in a direct line with Main street. In early times the meeting houses were built and maintained by the towns

and were usually surrounded by, or adjacent to an open space or common. They became a nucleus around which business and social life congregated, and towards which roads from various directions were built. The first common in Keene was south of the meeting house, an open field, including the north end of the present Main street. It was used for training and other purposes and called "The Green."

In 1770 Josiah Richardson bought all the land west of the road to the saw mill, between the present location of the railroad and Mechanic street, which included the present Central Square. At a town meeting held Sept. 15, 1773, it was voted "to allow Josiah Richardson to Alter the road leading from the Meeting House to Ichabod Fishers, and to remove said road and turn out on the south side of the Meeting House in a straight line to Ichabod Fishers in the place where said Richardson has chosen." This located the street in its present position from Central Square westerly, and replaced former "Poverty lane." It was subsequently called "Piety lane" and later Pleasant street. Ichabod Fisher lived on the south side of the road nearly opposite School street, and Mr. Richardson built a house and kept a tavern where the Y. M. C. A. building now stands.

In 1786 the town purchased of Mr. Richardson for a consideration of seventy pounds, about an acre of land northerly and westerly of the Meeting house and "bounded east and south on the highway leading to the Gaol and the highway leading to my garden." This included the location of the meeting house. A new meeting house was built that year a little north and west of the old one, or near the northwest corner of the present park enclosure, and the town land surrounding it was called the Meeting House common.

In 1788 the town offered the old meeting house to the county for a court house, provided they would move it to the northwest corner of the common and allow the town to use it for town purposes. It was located in what is now the middle

of the roadway from Court street, nearly opposite the Bullard and Shedd store, no road to the north having been laid out.

About this time a row of horse sheds were built at the north edge of the common, about where the First Congregational church and Ball's block now stand.

In 1796 a new court house was built on the site of the old one, and was also used as a town hall for many years.

During the same year the road to Surry and Walpole was changed from its former course via School street, to near the present location of Court street, but at its south end it curved to the west and ran west of the court house over the land now occupied by the buildings on the west side of Central Square.

In 1800 the Third New Hampshire turnpike was built. It included what is now Court street, but was laid out on the west side of the court house in the same place as the former road.

During this time all travel to Beech hill and beyond was by way of Water street. At the eastward was the 100 acre farm of Dr. Thomas Edwards, who was proprietor of the former Chandler House, then called Dr. Edwards' tavern, on the site of the present Cheshire House.

The land extended to Beech hill and the farm road or lane leading through it was along the north side of the tavern and barns lying east of it. It was used to some extent by the public and was called Dr. Edwards' lane. About 1804 Dr. Edwards built a brick house on the north side of the lane, being the same house, recently moved back and rebuilt, that is now owned by Mr. LaFell Dickinson.

In 1806 the selectmen laid out a public road, substantially along the course of the old lane, to and up Beech hill to connect with the former road via Water street. This was the first opening of Roxbury street as a public highway.

In 1808 the course of the turnpike was changed and made straight and the court house moved to the west side of the road, or where the Bullard and Shedd store building now stands.

In 1824 a new court house was built of brick on the same site, and is the same building, the north half of which is now standing at the corner of Central Square and Winter street.

During the same year Joseph Dorr and Rebecca Dorr, who was the daughter of Josiah Richardson and had succeeded to the property, conveyed to the town a small triangular piece of land on the west side of the common as an addition to it, "for the use of a common and no other purpose."

In 1828 the meeting house was moved to the north side of the common where it now stands and the horse sheds removed. This removed the last building from the common, but there seemed to be some question as to the title of the town to the entire open space thus formed, and a deed was obtained from Joseph Dorr and wife, for a consideration of one hundred dollars, to land "bounded south by a line running on the north side of John Elliot's store and John Hatch's Phoenix Hotel; east by the line of the stores of Wm. Lamson, Jr., Justus Perry and that owned by Thomas M. Edwards; north on the south line of Abijah Wilder, Jr., and Azel Wilder's land and on the south line of the horse sheds and west by a line on the front of the Court house and the brick building owned by John Prentiss and extending to said Elliot's store. The said land to be forever appropriated for a common and public highways."

Winter street was laid out from the north side of the court house Nov. 14, 1832.

Although the common had been cleared of all buildings and its limits clearly defined, it remained an open and unimproved space for many years. In 1844 a movement was started to set out trees and otherwise improve it, but it met with much opposition that was not overcome until 1851. During that year the Forest Tree Society, of which Mr. George A. Wheelock was a member, plowed up the middle of the common, set out the trees and made other improvements including a wooden fence around the plat. The oak tree grew from an acorn planted by Eliphalet Hale.

The shape of the enclosure was an elongated eight sided figure resembling the shape of the coffins used at that time, which gave it the name of Coffin common.

In 1856, or thereabout, the old fence was renewed and a new fence with stone posts and iron rails built, enclosing a somewhat larger and an oval shaped plat. A band stand was built at the north side of the enclosure, but subsequently burned on a fourth of July morning. A tall flag pole consisting of two sections was erected near the south end, which stood for several years.

Here in 1861 was held the great war meeting, General James Wilson being the orator of the day. The soldiers monument was erected in 1870. The park has been enlarged twice, the last time in 1892 when it was filled and graded, the fence re-levelled and the concrete walks built.

An ornamental iron fountain to the memory of Allan Ingersoll was erected in 1896 from funds bequeathed from the estate of his sister, Caroline H. Ingersoll. It remained about eighteen years.

The total area of Central Square is three and one third acres, and of the park enclosure four tenths of an acre.

THE BEECH HILL PARKS.

The Beech Hill Parks comprise about 111 acres of land lying on the westerly slope of the hill, made up of the City Park, the Children's Woods and Robin Hood Forest, extending from the Roxbury road on the east and south to North Lincoln street on the west, and northerly nearly to George street.

CITY PARK.

The lands in this park were acquired by the town and city in connection with extensions of the water works. The first purchase was by the town June 1, 1872, of 6 acres and 149 square rods from William O. Shelly. A small piece was bought

of Minnie M. Seaver July 26 of the same year, and a piece of land taken from J. G. Warren by the County Commissioners on a petition by the town.

These lands form the site of the Beech Hill reservoir. The dam was built on the site of the old highway from Keene to Roxbury, laid out in 1806 and discontinued in 1851.

A small piece of land at the north end of the reservoir, containing seven eighths of an acre, that had been partly flowed, was purchased of James Boyce, Dec. 28, 1875.

When the additional water supply from Roxbury was introduced, the city bought of Oren Shelly, July 9, 1886, 6 acres and 20 square rods of land, bounding about seventy rods on the Roxbury road, on which the Octagon reservoir was built.

The above lands were set aside and constituted a public park, to be called City Park, by vote of the city councils June 7, 1888.

A small tract of adjoining land on the Roxbury road, containing one half acre, was added to the park by purchase from Edwin I. Parks, Sept. 25, 1889.

THE CHILDREN'S WOODS.

This tract, containing twelve acres west of the Roxbury road, north of City Park and east of the reservoir, was conveyed to the city by a deed of gift from George A. Wheelock, March 29, 1889, with the following conditions:

“This conveyance is made in trust upon the conditions and for the uses and purposes hereinafter expressed, namely:

First: That the land herein conveyed shall forever be held in trust for children and be called The Children's Woods.

Second: That the same be kept as a forest and the pine trees growing thereon kept to their full age.

Third: Any net income from fallen timber or condemned trees may be used to construct paths, cabins, grottoes, statues of animals or other attractive objects. Any surplus not needed

for the above purposes may be added to the fund created in my deed of the addition to Wheelock Park of even date herewith."

This park is largely covered with trees. Mr. Wheelock set out many odd trees and shrubs throughout the open spaces.

ROBIN HOOD FOREST.

This park lies westerly of the Roxbury road, north of and adjoining City Park and the Children's Woods, extending westerly to North Lincoln street. It contains 83 acres of woodland and was conveyed to the city by George A. Wheelock, March 22, 1897, "in trust, to be called Robin Hood Forest, kept as a forest and not to be cleared except when better kinds of trees are introduced. Any incidental income from proper thinning of wood or timber, or other sources, may be used,

First: For keeping open all the roads therein, introducing better trees, shrubs or plants, guarding trees from forest fires and for building shelters or similar improvements.

Second: Any income not needed for the above purposes may, at the discretion of the Mayor, be given to the City Hospital, added to the Simmons fund or given to some charitable association."

Mr. Wheelock made many improvements in the park by cutting out the underbrush, opening roads and paths, setting out trees and shrubs not native to that locality, building rock monuments, etc. He assigned names to several roads and paths, and had names cut on several prominent boulders and ledges.

In 1908 Mr. Taft, the present park commissioner, had the main roads throughout the park improved by widening and grading, making it much more accessible and pleasant for driving.

During that year a map was made of the Beech Hill parks, which with a detailed description of the same, was published in that year's city report.

December 7, 1909, the heirs of John Henry Elliot conveyed

to the city a right of way for a road from the north east corner of the park to the Nourse or Jordan road, which has been graded for travel, making another entrance to the park in addition to those previously constructed, from the Roxbury road, through the City Park and from North Lincoln street.

THE LADIES WILDWOOD PARK.

Situated on the southerly side of Park avenue, westerly of Wheelock Park. The original gift, containing about seventeen acres, was conveyed to the city by Caroline H. Ingersoll May 8, 1887, in behalf of about 100 donors, mostly ladies, who contributed the sum of \$1300.00 for its purchase. The conditions of the gift are as follows:

“This conveyance is made in trust upon the conditions and for the purposes hereinafter expressed, namely:

First: That said grantee shall forever hold the same for the sole purpose of a public pleasure ground or Wild Wood park.

Second: That no trees shall be cut therein except such as are worthless from decay, or such as are required to be removed from actual necessity or from the evident need of a pathway through said woods.

Third: The right is hereby reserved that for twenty-five years from the date hereof, the improvement and ornamentation of said park shall be under the exclusive control of the lady donors hereinafter named, residing in said Keene, who shall bear all the expense of said improvements during said period.

Fourth: After the lapse of said twenty-five years, said park shall be under the personal supervision of three persons, namely: The Mayor of the City of Keene, one of the aldermen of said city and one lady who shall be either an original donor or a descendant of one. These three persons shall constitute the Ladies Park Commission who shall have power to decide all questions regarding its management.

This conveyance is also made in accordance with the desire and in the interest of the following named persons who subscribed and paid the sum of thirteen hundred dollars for the purpose of purchasing said tract of land and preserving it forever as the Ladies Wildwood Park." Here follows the names of about one hundred donors. The park is covered with well grown trees. Several driveways have been opened through it, the entrances and exits, two on Park avenue and one on the Chesterfield road, marked with large boulders, suitably inscribed. A drinking fountain has been erected near the easterly end and several permanent seats have been built throughout the park.

April 15, 1891, Caroline H. Ingersoll conveyed to the city an additional piece of land adjoining the park, about one acre in area, on the Chesterfield road. Young pines were set out on this piece which have attained substantial growth.

Feb. 14, 1909, Mrs. Sarah Haile Dort gave an additional tract of about sixty square rods as an addition to the park, at its westerly end, on Park avenue. This tract is well covered with trees.

ASHUELOT PARK.

A small tract of about one acre on Ashuelot river at the corner of Winchester and Island streets. It was given to the city by the Ashuelot Gas & Electric Co. Nov. 9, 1912, with the following conditions. "This deed is given upon the express condition that the grantee shall forever keep and maintain said premises as for a public park for the use and benefit of the people of said City of Keene." The company reserves the right to forever maintain its electric transmission line across the premises. It is well covered with trees.

THE MINISTER LOT.

In charge of the park commissioner. In 1787 the proprietors of the undivided lands in Keene voted to lay out in said

land fifty acres to be kept for a wood-lot for fire wood for the gospel minister of said town, and to be used for no other purpose. The management was left in the hands of the selectmen. In 1850, voted: That the selectmen be directed to cause an investigation to be made into the title of the town to the ministerial lot, and into the condition of the timber and wood thereon, and report at the next annual meeting. The minister lot is situated in the north woods, so called, about midway between the old Gilsum road and the Beaver brook, or West side state road, and is reached by a right of way from the latter, nearly opposite the Concord road. It contains fifty-six acres, and was defined by a survey by George W. Sturtevant in 1850, and re-surveyed by the writer in 1895, who caused to be built corner walls and short sections of stone walls along the four sides. The cyclone of 1854 felled the trees, and the sum realized from the sale of the wood and timber covered into the treasury of the town. In 1860, voted: That the selectmen separate from the funds of the town the proceeds of the lumber sold from the ministerial wood-lot, including interest thereon, and treat the same hereafter as a separate fund, that it may at the proper time be applied according to the intention of the proprietors of Keene. The income from the fund, which in 1885 amounted to \$3190, and to which was added in 1885-86-87 the sum of \$965 derived from the sale of wood in 1885, is divided among the clergymen of Keene.

WHEELOCK PARK.

Entrance from Park avenue near the junction of the Chesterfield road. The westerly end of this park, containing twenty-four acres, was formerly the exhibition grounds of the Cheshire County Agricultural Society, and was purchased by them from Charles N. Wilder in 1854. Mr. George A. Wheelock obtained possession, and conveyed it to the City of Keene March 1, 1886, with the following conditions.

“This conveyance is made in trust that said Grantee will hold the same for the sole purpose of a public pleasure ground or park, and that all income derived from the same shall be held and used by said Grantee as a fund, the interest and principal of which shall be used for the improvement and adornment of said park.”

March 29, 1889, Mr. Wheelock conveyed to the city another tract containing fifteen and one third acres, lying easterly of and adjoining the first tract, as follows.

“This conveyance is made in trust upon the conditions and for the uses and purposes hereinafter expressed, namely:

First: That the land hereby conveyed shall constitute a part of Wheelock Park, and be forever held and used as a public pleasure ground.

Second: That said land shall be kept as a perpetual forest and the trees growing thereon, or a portion of them, be allowed to attain their full or mature age.

Third: Any income from fallen timber or condemned trees shall be set apart or kept as a fund to be called the Park fund, and shall be used as follows. Suitable sums from the interest or principal may be from time to time paid to the School Board of said city for maintaining a Natural History collection, accessible to scholars, and for excursions of geological or botanical classes.

When the fund shall accumulate sufficiently, the income thereof may be used to buy paintings or busts for the Public Library, and to pay the salary of the Park Commissioner.”

A pavilion and drinking fountain were subsequently erected for the convenience of picnic parties. In 1902 stone posts were set at all the corners and at intervals along the boundary lines and several roads were opened around and through the park. The old race course is still used as a driveway. Mr. Wheelock was greatly interested in this park and spent much time in introducing trees and shrubs that are not native to that locality. The land is naturally adapted to our

native, or the White pine, which grow in great profusion. The following list gives the common and the botanical names of trees that are native and those introduced by Mr. Wheelock, so far as they have been identified, and the accompanying map of the park shows the approximate location of many of them.

White pine	<i>Pinus Strobus</i>
Red or Norway pine	<i>Pinus resinosa</i>
Scotch pine	<i>Pinus Sylvestris</i>
Mugho or Mountain pine	<i>Pinus Pomilis</i>
Jack or Scrub pine	<i>Pinus Banksiana</i>
Red spruce	<i>Picea rubens</i>
Norway spruce	<i>Picea excelsa</i>
Colorado Blue spruce	<i>Picea pungens</i>
Hemlock	<i>Tsuga Canadensis</i>
Fir balsam	<i>Abies balsamea</i>
Oregon fir	<i>Abies grandis</i>
Noble or Noble Silver fir	<i>Abies nobilis</i>
Arbor vitae	<i>Thuja occidentalis</i>
White cedar	<i>Cupressus thyoides</i>
Red cedar	<i>Juniperus Virginiana</i>
Juniper	<i>Juniperus Communis Aurea</i>
Tamarack	<i>Larix Amaricana</i>
Chestnut	<i>Castanea dentata</i>
Red oak	<i>Quercus rubra</i>
White oak	<i>Quercus alba</i>
Chestnut oak	<i>Quercus prinus</i>
Clammy locust	<i>Robinia viscosa</i>
Basswood or Linden	<i>Tilia Americana</i>
Poplar	<i>Populus tremuloides</i>
White or Canoe birch	<i>Betula papyrifera</i>
Gray birch	<i>Betula populifolia</i>

In 1888 the writer established a true north and south meridian range in the park from observations on the north star. It is marked by stones set in the ground, centered with brass

plugs, 300 feet apart. The location is shown on the map. Observations for determining the declination and annual variation of the magnetic needle have been taken each year.

In 1808, Nathan Wild, a surveyor of Chesterfield, established a meridian range and continued observations for about forty years. His observations are published here for comparison with those of recent date.

The compass needle in this section points west of the true north and is constantly changing. The amount of annual variation, in degrees and minutes, is shown in the following table.

1808	6 deg. 40 min.	1828	6 deg. 52 min.
1809	6 " 40 "	1829	7 " 0 "
1810	6 " 35 "	1830	7 " 6 "
1811	6 " 30 "	1831	7 " 10 "
1812	6 " 25 "	1832	7 " 15 "
1813	6 " 25 "	1833	7 " 30 "
1814	6 " 17 "	1834	7 " 35 "
1815	6 " 7 "	1835	7 " 45 "
1816	6 " 3 "	1836	7 " 53 "
1817	6 " 2 "	1837	8 " 0 "
1818	6 " 0 "	1838	8 " 0 "
1819	6 " 3 "	1839	8 " 5 "
1820	6 " 0 "	1840	8 " 10 "
1821	6 " 7 "	1841	8 " 15 "
1822	6 " 12 "	1842	8 " 15 "
1823	6 " 30 "	1843	8 " 15 "
1824	6 " 40 "	1844	8 " 12 "
1825	6 " 35 "	1845	
1826	6 " 35 "	1846	
1827	6 " 45 "	1847	8 " 20 "

In 1890 the U. S. Coast and Geodetic Survey made an observation on the same range and found the variation to be 11 degs. 12 min. No observations were taken in this vicinity, so far as is known, between 1847 and the date of the first observa-

tion at Wheelock Park. The annual variations as determined on that range are as follows.

1888	11 deg. 10 min.	1904	12 deg. 16 min.
1889	11 " 15 "	1905	12 " 24 "
1890	11 " 18 "	1906	12 " 30 "
1891	11 " 22 "	1907	12 " 43 "
1892	11 " 30 "	1908	12 " 50 "
1893	11 " 33 "	1909	12 " 55 "
1894	11 " 45 "	1910	13 " 3 "
1895	11 " 52 "	1911	13 " 5 "
1896	11 " 55 "	1912	13 " 10 "
1897	11 " 56 "	1913	13 " 20 "
1898	11 " 56 "	1914	13 " 24 "
1899	12 " 0 "	1915	13 " 30 "
1900	12 " 2 "	1916	* 13 " 36 "
1901	12 " 6 "	1917	13 " 40 "
1902	12 " 12 "		
1903	12 " 14 "		

It will be seen from the tables that from the beginning of the observations until 1818, the magnetic meridian was moving to the east, since which it has been moving westward, the total amount of variation being seven degrees and forty minutes, or at an average annual rate of about four and two thirds minutes.

ORDINANCES AND JOINT RESOLUTIONS

Passed by the City Councils in 1916.

CITY OF KEENE.

In the year of our Lord, one thousand nine hundred and sixteen.

Keene, N. H., Nov. 27th, 1916.

To the City of Keene:

Mr. Irvin C. White made a bequest in his will to the City of Keene of \$200.00 to be held as a trust fund with the annual income to be expended for the care and maintenance of the cemetery lot in Greenlawn Cemetery where he is buried.

As soon as the City Councils have voted to accept this legacy, I will be prepared to pay it as the executor of his will.

Yours very truly,

JOHN E. ALLEN.

A JOINT RESOLUTION relating to the Irvin C. White cemetery Fund.

Resolved by the City Councils of the city of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Irvin C. White cemetery fund of \$200.00, in trust, the income

to be expended in the care of Lot No. 314 in Greenlawn cemetery. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds, in accordance with the laws of the State of New Hampshire.

Passed December 7, 1916.

AN ORDINANCE.

Be it ordained by the City Councils of the City of Keene, as follows:

Relating to the Incinerating Plant and Garbage Destructor.

1. The management of the Incinerating Plant for the destruction of Rubbish, Garbage, and other waste, shall be under the direction of the Joint Standing Committee on Lands and Buildings.

2. All material brought to the Incinerating Plant for disposal shall be classified as follows—

A—Dead Animals weighing 200 lbs. or less.

B—Ashes and Like Material.

C—Rubbish and Garbage.

Dead Animals weighing 200 lbs. or less, can be easily cared for and will be accepted for destruction.

Ashes and like material that would smother the fire shall be kept separate from Rubbish and Garbage.

A place will be provided for their disposal at the Plant.

Rubbish and Garbage will include all waste material not covered by the first two classifications. Tin Cans, Glass Bottles, Broken Crockery, etc., will pass as Rubbish and can be destroyed in the Incinerator.

Swill, Offal, Fish Heads and other putrid, decaying and offensive matter, brought in receptacles other than metal, must be destroyed with the container.

3. No Waste shall be brought to the Plant before eight o'clock a. m. or after 4.30 p. m., without special arrangement with the Attendant.

Keene, N. H., Feb. 12th, 1917

To the City Councils of Keene:

Your committee, appointed for the purpose of looking into the advisability of motorizing the Keene Fire Department, finds that it would, in their opinion, be wise to start upon motorization, this year.

The committee as a whole visited several cities which have been more or less motorized for some time. Some have large pumping engines, others have the lighter combination chemical and hose apparatus.

Pumping engines of suitable size range in price from \$8600 to \$9000. Combination chemical and hose apparatus range in price from \$3500 to \$5000. The cheaper kind being

bodies built on standard chassis such as are used in other lines of business. These bodies are built on order and are built as you might wish them.

The committee had before it all the time the recommendations of the Board of Engineers of Keene as to a Triple Combination Pumping Engine and agree with the board that the City will probably require the services of one of these engines later. The companies are now working on and will later put out a pumping engine with four wheel drive, giving it more traction in snow road. This in itself would be a great improvement for cities situated in our climate. This machine is not yet on the market.

It seems to the members of the committee who sign this report that the citizens would get better protection from the prevailing percentage of fires which we call "stills," by the use of a light type of motor apparatus which carries chemical tanks and also about 1500 feet of hose.

It also appears to the committee that the future motorization of the department depends upon the performance and cost of maintenance of this first piece of apparatus.

Dear Sir:

Under the will of my sister, Miss E. E. P. Holland of Concord, Mass., who died on June 9th, 1917, I, as her brother, am Executor. My sister and I being grandchildren of Judge Daniel Newcomb of Keene, my sister inserted in her will the following clause: "I give to the City of Keene in the State of New Hampshire two hundred (\$200.00) dollars, but in trust, to apply the income of said sum, to the care of grave lots marked Nos. 1, 2, 3, 4, 5, 6, 7 and 8, in the Washington Street Cemetery in said Keene, the burial places of George Newcomb, Sarah Newcomb, Daniel Newcomb, Seth Newcomb, Daniel Newcomb, Hannah Newcomb, Hannah D. Newcomb and Lucretia Dawes respectively, in Section No. 1, and tomb No. 3 marked H. Newcomb, in Section No. 2 of said Cemetery as rep-

resented on a plan on file in the City Clerk's office of said Keene."

As the bequest has the result of careful enquiry, I presume that the trust will be accepted, and that the interest on the sum provided is adequate for, and will be used for the care of the burial places designated. Kindly confirm this and oblige.

Yours respectfully,

ARTHUR HOLLAND.

236 Nahant Rd., Nahant, Mass., August 28th, 1917.

Frank H. Whitecomb, Esq., City Clerk, City of Keene, N. H.

Dear Mr. Whitecomb:

Let me thank you for your letter of the 25th on receipt of your kind advices that at the meeting of the Councils on Sept. 6th satisfactory action is taken. I shall take pleasure in sending you check for two hundred dollars.

Yours very truly

ARTHUR HOLLAND.

A JOINT RESOLUTION relating to the E. E. P. Holland Cemetery Fund.

Resolved by the City Councils of the city of Keene, as follows:

The City of Keene, by its councils, hereby accepts the E. E. P. Holland Cemetery fund of Two Hundred Dollars, in trust, however, the income to be applied to the care of grave lots marked Nos. 1, 2, 3, 4, 5, 6, 7 and 8, in the Washington Street cemetery section No. 1; and tomb No. 3 in section No. 2. The City Clerk shall receipt for said fund, which shall be invested by the Trustees of Trust funds, according to law.

Passed Sept. 6, 1917.

Keene, N. H., August 14, 1917.

To the City of Keene:

I herewith enclose check for Three Hundred (300) Dollars, which I desire to be held by said City in trust, and the income thereof only expended in caring for and beautifying my family burial lot in Greenlawn Cemetery.

B. F. ALLEN.

A JOINT RESOLUTION relating to the Benjamin F. Allen Cemetery Fund.

Resolved by the City Councils of the city of Keene, as follows:

That the City of Keene, by its councils, hereby accepts the Benjamin F. Allen Cemetery fund of Three Hundred Dollars, in trust, however, the income only to be used in the care of his family burial lot in Greenlawn Cemetery. The City Clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds, according to law.

Passed Sept. 6, 1917.

To the City Councils of the City of Keene:

A clause in the will of the late Josiah Lafayette Seward reads as follows:

Item 3. My books I give and bequeath to the City of Keene for the use of the Keene Public Library with the understanding that a printed label shall be placed in the front part of each book indicating that it was a gift from the library of the Rev. J. L. Seward, D. D. It shall also be understood that my brother James B. Seward if he survives me shall be permitted to reserve for his personal use as many volumes as he wishes provided the volumes thus selected are duplicates of volumes already in the Keene Public Library.

Another clause in said will reads as follows:

Item 10. I give and bequeath to the City of Keene the sum of one hundred dollars the income to be used in keeping in order the David Seward family lot in Woodland Cemetery.

As executor of said will I am now ready to pay over to the city of Keene such fund and deliver said books, when the City of Keene shall, by its councils, accept said bequests on the terms and conditions therein contained.

J. FRED WHITCOMB,

Executor.

Keene, August 25, 1917.

A JOINT RESOLUTION relating to the Josiah L. Seward bequests.

Resolved by the City Councils of the city of Keene, as follows:

That the City of Keene, by its councils, hereby accepts the gift of books from Rev. J. L. Seward's library, for the use of the Keene Public Library, under the conditions expressed in the bequest; and hereby accepts the cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of the David Seward lot in Woodland cemetery. The city clerk shall receipt for said fund, and said books. The cemetery fund shall be invested by the Trustees of Trust Funds according to law.

Passed Sept. 6, 1917.

A JOINT RESOLUTION relating to drains.

Resolved by the City Councils of the city of Keene, as follows:

That a drain be laid in West St. from the Ashuelot River

to Pearl St., and that the sum of six hundred and sixty dollars be appropriated for that purpose.

September 19, 1917.

To the City Councils:

The undersigned desires to give to the City of Keene, in trust, however, the sum of one hundred dollars, the income only to be used in the care of the Charles H. Drummer Lot in Woodland cemetery, numbered twenty-five in Section No. 3. To be known as the Linn E. Drummer cemetery fund.

On receiving notice of the acceptance of said fund I will pay the same to the person designated by your Honorable Boards.

MRS. MARY A. DRUMMER.

A JOINT RESOLUTION relating to the Linn E. Drummer Cemetery Fund.

Resolved by the City Councils of the city of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Linn E. Drummer cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of Lot No. 25 in Sect. 3, Woodland cemetery. The city clerk shall receipt for the fund, which shall be invested by the Trustees of Trust Funds according to law.

Passed Sept. 20, 1917.

To the City Councils of the City of Keene:

Respectfully represents the Keene Development Company that it is the owner of certain property on Baker and Marlboro Streets in said Keene known as the Heffron lot; that it has by a contract with the Morgan Manufacturing Company agreed to erect a factory building and to sell same to said company together with the lot on which said factory is located; being known as block 8 on a plan of lots of said Heffron property, made by Harry B. O'Neil.

Wherefore your petitioner prays that said tract of land, No. 8, with said factory building which is to be erected may be exempt from taxation for a period of ten years from this date. Dated this 22d day of August, 1917.

Yours very truly,

KEENE DEVELOPMENT COMPANY,

GEO. H. EAMES, Vice President.

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the City Councils of the city of Keene, as follows:

That the land known as Block 8 on Congress Street, and

the building to be erected for manufacturing purposes thereon by the Keene Development Company for the Morgan Manufacturing Company, be exempt from taxation, except for State and County Taxes, for a period of ten years from April 1st, 1917.

Passed Sept. 20, 1917.

Newport, R. I., July 20, 1917.

To the Board of Mayor and Aldermen and the Common Council of the City of Keene:

Gentlemen:

We are making arrangements for the establishing of our manufacturing business in Keene and ask if you will grant us exemption from taxes for ten years on our machinery, stock in trade, and capital to be used in carrying on the business in Keene.

We expect to employ about 75 well paid hands. It is our expectation to increase this number very soon after we are established in our new location.

Should you grant our request we hope to be located in Keene in September 1917 or shortly afterward. Our intention is to give the preference to men with families, so that they may become identified with the city and prove of benefit to Keene.

Yours respectfully,

THE MORGAN MFG. CO., INC.,

B. MORGAN, President.

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the City Councils of the city of Keene, as follows:

That, whereas the Morgan Manufacturing Company has petitioned the City of Keene for an exemption from taxation on

its capital stock, stock in trade, machinery and real estate to be used in its manufacturing business, that said capital stock, stock in trade, machinery and real estate be exempt from taxation, except for state and county taxes, for a period of ten years next ensuing.

Passed Sept. 20, 1917.

Keene, N. H., Oct. 4, 1917.

To the City Councils of the City of Keene:

I desire to give the city in trust one hundred dollars, the income to be used in the care of Lot No. 29 in the easterly part of Woodland Cemetery. The fund may be called the Luretta A. Bedaw cemetery fund.

LURETTA A. BEDAW.

A JOINT RESOLUTION relating to the Luretta A. Bedaw Cemetery fund.

Resolved by the City Councils of the city of Keene, as follows:

The City of Keene by its Councils hereby accepts the Luretta A. Bedaw cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of the Bedaw lot, numbered 29 in the easterly part of Woodland cemetery. The city clerk shall receipt for the fund, which shall be invested by the Trustees of trust funds according to law.

Passed Oct. 4, 1917.

To the Board of Mayor and Aldermen of the City of Keene.

The undersigned respectfully represent that for the accommodation of the public there is occasion for the extension of the sewer and water main beginning at the end of pipe now

laid, then in Congress St. about 380 feet to the new factory of the undersigned and they therefore request you to cause the same to be constructed on the premises above described.

THE MORGAN MFG. CO., INC.,

B. MORGAN, President.

A JOINT RESOLUTION relating to Water and Sewer.

Passed November 16, 1917.

REPORT of Joint Standing Committee on Municipal Christmas Observance relating to its probable expense.

To the City Councils:

Gentlemen:

The Joint Standing Committee on a Municipal Christmas Tree to whom was referred the consideration of the expense involved beg leave to report that they have attended to the duty assigned them and desire to say: that they are very reluctant to report in a favorable manner this year, when there are repeated calls for contributions from the public for the various and pressing needs of our country, relative to a public

observance of Christmas under the auspices of the city government.

The cost of a suitable tree and the accessories, with illumination during the shortest period of time thought to be fitting would be from four to five hundred dollars. In our opinion the city ought not to expend this amount of money in this way. Your committee has no desire to ask an already overburdened community of merchants, manufacturers and citizens, including the various social organizations who always respond so liberally, to contribute this sum or more. In our opinion it is more expedient to keep on with the customary contributions for patriotic purposes and in this way manifest the true spirit of Christmas in service for our municipality, state and nation and forego this unnecessary outlay.

H. B. MUCHMORE,
GEO. W. SARGENT,
CARL G. BEVERSTOCK,

Joint Standing Committee on Municipal Christmas Tree.

ITEMS OF INTEREST.

The Keene Water Works were established and have been extended from time to time by authority of a charter from the legislature of New Hampshire, granted July 3, 1861, and amendments thereto dated June 24, 1868.

The first contract was made with the Patent Water and Gas Pipe Co., of New Jersey, Sept. 3, 1868.

Water was let into the system November, 1869.

1872.

Beech Hill reservoir was built and connected with the system.

1882.

The Waring system of sewers was adopted and turned over to the city in 1883.

1886.

The Roxbury supply was brought into the city via Beech Hill.

1890.

The first meters were installed.

1891.

Ten and one-half miles of cement lined pipe were replaced with cast iron. There remains in service (1916) 7,047 feet in Court St., 400 in Roxbury St., and 186 in West St.

1902.

Additional water from Roxbury was brought into the city via South Keene.

1908.

The Board of Water Commissioners was abolished by the city councils.

1910.

The dam at Echo lake was rebuilt, raising the water in the lake six feet.

1914.

The meter system was adopted and all services ordered metered.

Respectfully,

FRANK H. WHITCOMB,

City Clerk.

December 1, 1917.

REPORT OF CITY MESSENGER.

To the City Councils:

Receipts for rental of city hall for the year ending Dec. 1, 1917, amount to the sum of nine hundred and seventy dollars and eighty cents, which has been deposited with the city treasurer and the proper vouchers turned over to the city clerk.

The repeated calls for the free use of city hall during the present condition of the country makes it impossible to give a fair showing of its normal earning capacity.

However, it is the people's property and must do its part in forwarding patriotic and educational affairs.

Respectfully submitted,

ALBERT W. GREEN,

City Messenger.

December 6, 1917.

PATROLING.

Labor and bills paid,	\$5,565 54
-----------------------	------------

Nine patrolmen have been employed; five of whom have devoted nearly their whole time to the work. Several of the districts are too large for one patrolman to care for. The employment of additional patrolmen would seem to be desirable.

STATE ROAD.

Under the direction of the state highway department nearly the entire force employed by the city highway department was engaged about nine weeks in building the Monadnock road. Beginning at the Swanzey-Keene town line and extending northwesterly in Main street, 1.07 miles. This is a gravel road with tarvia B binder.

WINFIELD M. CHAPLIN,

Superintendent of Highways.

REPORT OF PARK COMMISSIONER.

To His Honor, the Mayor and Gentlemen of the City Councils:

As one enters Wheelock Park, whether on foot, or in any vehicle likely to be used, it will be found worth while to take the road indicated by the arrow on the board, and follow the boundaries entirely around the enclosure, over a suitable road constructed the past season. Distance one mile. If one enjoys natural scenery, he will again and again thank the donor of this beautiful Park.

Many of the older pines must be trimmed or removed in the near future.

The settees have been thoroughly painted, and suitable sanitary arrangements provided.

I requested Engineer Samuel Wadsworth to prepare a brief history of the public parks of Keene, containing the provisions of the gifts, together with a map showing the approximate location of rare trees and shrubs, in which the late Mr. Wheelock was interested, and which were introduced by him, at Wheelock park, so far as they have been identified; also statistics relating to the true north and south meridian range established in Wheelock park by Engineer Wadsworth in the year 1888, accompanied by a table showing the declination and annual variation of the magnetic needle, as kept by Nathan Wild from 1808 to 1848 and by Engineer Wadsworth from 1888 to 1917, inclusive. The above appears in the city report.

The roads and walks in Robin Hood Forest and Children's Woods are in passable condition.

Very respectfully,

J. S. TAFT,
Park Commissioner.

REPORT OF BOARD OF HEALTH.

To His Honor the Mayor and Gentlemen of the City Councils :

During the year ending December 1, 1917, there were reported, quarantined and fumigated 341 cases of communicable diseases, divided as follows :

Tuberculosis,	6
Diphtheria,	8
Whooping cough,	4
Anteriotopolyomyelitis,	0
Typhoid fever,	3
Scarlet fever,	22
Chicken pox,	5
Measles,	288
Mumps,	5

Number deaths from above :

Tuberculosis,	2
Diphtheria,	1
Typhoid fever,	2

Whooping cough cases are not being reported as they should, this being due to the fact that in many cases a physician is not called and parents and guardians are either ignorant of the law or careless. The cases of scarlet fever have all been of a mild type and no deaths have resulted from that disease during the year.

Following the resignation of the previous Board of Health, a new Board consisting of the Overseer of the Poor, the City

Physician and the City Solicitor, was appointed and the new Board took up the work in May of this year. The new Board wishes to call attention to the efficient and painstaking work of the retiring Board, as evidenced by the records and information turned over to the new Board.

Many complaints of nuisances and other causes of danger to the public health were received and in every case a prompt and personal investigation was made, and where the complaint was found to be well brought, the condition was corrected.

The week preceding our so called "Clean Up Week" last spring, the Board of Health made investigations practically from house to house of conditions in yards and vacant lots and where rubbish and other matter likely to be injurious to health was found, the owners of the premises were requested to clean up the material and get it out for carting away by the city team.

Prosecutions were made and successfully concluded with respect to infringements of the Health Laws.

The attention of physicians and others is called to the recent regulation of the State Board of Health, requiring all cases of tuberculosis to be reported to the local Board of Health on special blanks, giving full history and other data. The attention of parents and guardians is called to the law forbidding the sending of any child having a communicable disease to any public or private school.

The customary inspection of all barns and dairies have been made by the food inspector and licenses to sell milk have been issued to all applicants receiving his approval.

FRED C. NIMS,
JOHN J. BROSNAHAN,
WILLIAM H. WATSON, Secretary.
Keene Board of Health.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY.

To the Honorable Mayor and City Councils, Gentlemen :

The trustees of the Keene Public library present the following report :

The war, in which this country is now taking such an active part, has brought about unusual conditions during the past year and the library building was the center of community work for the War Relief committee and the National Red Cross. From February to October a vacant room on the third floor was used once a week as a work room for making surgical dressings by the War Relief committee and Literary hall was used three days a week for Red Cross classes.

A large number of citizens assembled in Literary hall to form a local committee of the woman's department of the National Civic Federation, and the use of the library building for such purposes was highly commended and appreciated. The second assistant librarian, Miss Christine Sessler, accepted a permanent position in the Greenfield library on the first of February and Miss Ruby M. Pomeroy was engaged to take her place. The second assistant had been employed by the trustees as an experiment but with the growth of the library and the large amount of repair work on books, this assistant has become a necessity.

The trustees found it expedient to increase the salaries of the librarian and the first assistant April first and asked for an

increase in the appropriation of \$520.00 to enable them to do this and to meet the expense of the second assistant. The Board has received no answer to this communication. The librarian's salary was increased to \$900.00 a year and the first assistant to \$450.00.

The library staff though small is most efficient and excellent results have been obtained by their faithful devotion to their work. The librarian, Miss Saxton, is always putting into operation new ways of making the library more useful and helpful to its patrons and especially the children. The large increase in the circulation and the patronage of the reading rooms give evidence of the success of her methods.

On September eleven a special meeting of the trustees was held to form plans to assist the War Service Committee of the American Library Association in raising funds and collecting books to establish libraries for the United States soldiers and sailors at the different camps in this country and abroad. Mr. R. T. Kingsbury was instructed to receive and forward all contributions to aid in establishing these libraries and posters and circulars were purchased and distributed. On September twenty-one, Mr. Protzman gave a talk at Literary Hall, when a number of citizens were present besides members of the board. Subscriptions were started that evening and Mrs. Gardner C. Hill and Miss Saxton with the assistance of other members of the board made especial efforts to raise Keene's share of \$500.00 with the result that about \$400.00 was raised and forwarded. The librarian received and forwarded about 800 books and magazines.

During the year gifts of many valuable books have been received, the largest being the library of Rev. Josiah L. Seward, D. D.

By the recent death of Hon. Horatio Colony the board has lost a valued and esteemed member, one of the permanent or Thayer trustees. A committee was appointed to draw up resolutions to be embodied in this report, as follows:

WHEREAS; the Almighty Father, in his infinite wisdom, has brought to a close a long and useful life, which, for more than the allotted three score years and ten, has been closely identified with the progress and prosperity of our community,

THEREFORE, be it resolved by the Trustees of the Keene Public Library that, in the death of Hon. Horatio Colony, we have suffered a deep personal loss; that the Library will miss the wise counselorship and guiding hand of its President, and that our appreciation of his twenty years of devoted service to the ideals of the Library and to the memory of the donor of the building is hereby expressed.

AND, be it further resolved that a copy of this resolution be forwarded to the family and that it be incorporated in the records of the Trustees.

ROBERT T. KINGSBURY,

MARY A. A. PRENTISS,

CARRIE H. HILL,

Special Committee for the Trustees.

Statistics and further information will be found in the librarian's report hereby appended.

MARY A. A. PRENTISS,

Secretary.

REPORT OF LIBRARIAN.

To the Board of Trustees of the Keene Public Library:

The report of the librarian showing the work for the year 1916-1917 is herewith presented.

THE YEAR'S GROWTH.

Whole number of volumes, Dec. 1, 1916.		20,378
Total number of accessions,	1,054	
Worn out volumes withdrawn,	179	
Total increase for the year,		875
Whole number of volumes, Dec. 1, 1917,		21,253

While the work of the public library goes on quietly from year to year serving the community in the same general way, there are always some innovations in its methods. This year, with the consent and advice of the book committee, two books of fiction have been charged on one card, and the privilege has been greatly appreciated. The charging of any reasonable number of non-fiction (books and magazines) on the limited card is the recommendation which the librarian makes for the coming year. A small number of well chosen volumes of music have recently been added as the beginning of a music department, which we expect, as it develops, will prove very popular.

The reading rooms are well patronized and there is a constant increase in the circulation of magazines. The number of

readers on Sunday afternoons has largely increased. The library receives, by purchase and gift, seventy-four periodicals, any of which may be circulated when a number ceases to be current and a few duplicate copies, of the most popular magazines, are subscribed for. Thirty-five magazines are bound and many of the others are kept on file for reference.

The library has had an unusually large number of gifts from many individuals aside from the gift of Dr. Seward's library. The work of arranging and classifying the latter is in progress.

The use of the Keene library by non-residents who are spending the summers in this vicinity, as well as by residents of neighboring towns all of whom pay for the privilege, has been greater than in any previous year. Collections of books were also sent through July, August and September to Camp Newton, Walpole, for the use of the High School boys from Newton, Massachusetts, who were working on the farms in that region.

Early in the spring appeal was made, through the Keene Evening Sentinel, for reading matter to be distributed to the soldiers guarding the bridges near here. The response was immediate and generous and the distribution was arranged for by Mr. Daniel Lorentz of the Y. M. C. A. Further call for books and magazines for the Camp Libraries was made in the fall and ten boxes of books and periodicals, approximately eight hundred, in number, have been forwarded to the central distributing station for New England. The librarian hereby acknowledges with thanks these gifts; also those of money to the American Library Association for Camp libraries.

There is an increasing demand for books for the younger readers, not alone from the children themselves but also from parents and teachers. In view of the fact that there is no children's room where these little people can assemble without disturbing and crowding the older patrons, it has seemed unwise to lower the age limit, ten, but providing room and books

for all the children of the city is the most important consideration for the Trustees in the coming year.

The work of assisting the pupils and teachers of the graded schools, providing special shelves of books for the convenience of classes in the High school and giving instruction in the use of the library to students of the High school and the Normal school has been carried on this year as last.

The first of February, Miss Christine Sessler who had been second assistant for a part of the preceding year, resigned to accept a similar position in the Greenfield public library. Miss Ruby P. Pomeroy from Dalton, Mass., who had recently been in the training class of the Westfield Atheneum came to fill the vacancy and has become a much valued member of our small staff.

REPORT OF SUPERINTENDENT OF CEMETERIES.

To his Honor the Mayor and Gentlemen of the City Councils:

The undersigned respectfully presents his report for the year ending Nov. 30, 1917.

The work of this department has been unusually heavy the past year. There have been one hundred and forty-four interments. Of this number seven were in single grave lots and nine in the public ground. Twenty-seven burial lots have been sold. There are now approximately two hundred and fifty lots receiving special annual care, and about one hundred and eighty more are cared for by the interest from trust funds held by the city for this purpose. The unrestricted use of automobiles adds materially to the labor on avenues and driveways.

The average amount of resurfacing and grading of lots has been called for.

The volume of this routine work has made it impossible to carry out plans for any new improvements this season.

My receipts for the year are as follows:

Dec., 1916. Sexton work, \$44.25; labor, \$2.50; fertilizer, \$0.75; care of lots, \$361.50; collected on lots sold, \$40.00.	\$449 00
Jan., 1917. Sexton work, \$48.00; labor, \$4.25; care of lots, \$156.50; use of lowering device, \$1.00.	\$209 75
Feb., 1917. Sexton work, \$33.00; care of lots, \$18.00; collected on lots sold, \$5.00.	\$56 00

Mar., 1917.	Sexton work, \$39.00; care of lots, \$14.00.	\$53 00
April, 1917.	Sexton work, \$115.00; labor, \$6.00; loam, \$1.00; use of tomb, \$3.00; care of lots, \$12.00; collected on lots sold, \$157.50.	\$294 50
May, 1917.	Sexton work, \$64.50; labor, \$5.25; loan. \$1.25; grass seed, \$0.25; care of lots, \$58.00; collected on lots sold, \$30.50.	\$159 75
June, 1917.	Sexton work, \$95.00; labor, \$11.00; loam, \$1.00; fertilizer, \$1.00; grass seed, \$0.75; care of lots, \$17.00; collected on lots sold. \$70.00.	\$195 75
July, 1917.	Sexton work, \$79.00; care of lots, \$16.00; collected on lots sold, \$24.00.	\$119 00
Aug., 1917.	Sexton work, \$80.00; care of lots, \$3.00; collected on lots sold, \$130.00; use of lowering device, \$1.25.	\$214 75
Sept., 1917.	Sexton work, \$39.00; labor, \$38.50; loam, \$22.00; fertilizer, \$5.00; grass seed, \$4.25; care of lots, \$16.00; collected on lots sold, \$70.00.	\$194 75
Oct., 1917.	Sexton work, \$60.00; labor, \$20.25; loam, \$9.50; fertilizer, \$2.50; grass seed, \$2.00; care of lots \$9.00; collected on lots sold, \$82.00; grass, \$5.00; use of lowering device, \$1.25; scrap iron, \$1.00.	\$192 50
Nov., 1917.	Sexton work, \$43.00; care of lots, \$15.00; collected on lots sold, \$162.00.	\$220 00
Total for the year.		\$2,358 75

I have deposited said amount with the city treasurer and hold vouchers for the same.

WALTER E. MASON,

Supt. of cemeteries.

Keene, Nov. 30, 1917.

REPORT OF CITY PHYSICIAN.

To His Honor the Mayor and members of the City government :

I herewith submit my report as city physician for the year 1917.

City charges, by order of overseer of the poor—I made 26 calls and had 10 office calls.

Police department—I made 9 calls and had six (6) office calls.

Health department—I made 7 visits to patients in quarantine and had 5 vaccinations.

J. J. BROSDAHAN,

City Physician.

Keene, Dec. 1, 1917.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT AND SUPERINTENDENT OF FIRE ALARM TELEGRAPH.

To His Honor the Mayor and Gentlemen of the City Councils:

As required by the city ordinance governing the fire department, I herewith submit my report for the fiscal year ending November 30, 1917.

You will note from the following table of fires and losses that the department has responded to 13 bell alarms and 78 still alarms, including brush fire calls. This is a decrease of five still alarms from the calls of last year.

The estimated value of buildings damaged by fire

was	\$323,550 00
Damage to buildings was	10,372 05
Insurance on said buildings was	107,350 00
Insurance paid was	9,537 30
Value of contents of said buildings was	116,823 77
Damage to said contents	20,125 52
Insurance upon property was	54,750 00
Insurance paid	17,178 09

While several fires have occurred in dangerous places there has been but one very serious fire, that in Buffum Block. The fire occurred on one of the coldest days of the season and the department was handicapped by a hydrant being out of commission, an unusual occurrence for this city.

Apparatus and force: The apparatus and force of the

department under a chief and three assistant engineers, located on Vernon street, is as follows: The Keene Steam Fire Engine and Hose Company, J. H. Simpson, Captain, 25 men, has Steamer No. 1, Button Steamer No. 2, one combination chemical and hose wagon, one relief hose wagon; Washington Hook and Ladder Company, M. J. Carey, Captain, 20 men, has one service truck and one relief truck; Deluge Hose Company, E. H. Applin, Captain, 20 men, has one combination chemical and hose wagon; the motor combination truck with equipment comprises two 40-gal. chemical tanks, two 3-gal. extinguishers and carries 900 feet of fire hose, 250 feet chemical hose, 2 ladders and other necessary equipment. This motor truck was purchased of the Kissel Kar Co. and gives perfect satisfaction. The city is most fortunate in securing the services of Mr. Fred A. Johnson, an efficient operator of the car, and he also has charge of it. We have on hand about 5,500 feet of No. 1 hose, 1,500 feet of linen hose at South Keene, 1,500 feet of No. 2 hose much of which is unfit for fire service; 300 feet have been turned over to the highway department and 200 feet to the water works department.

Recommendation: The Board of Engineers recommend that the city purchase 1,500 feet of fire hose at its earliest convenience.

The fire alarm telegraph system in care of Mr. E. B. Riley, the fire alarm electrician, continues to give excellent satisfaction. The batteries having been renewed should prove good for at least five years. The City Councils have ordered Box No. 5 now installed on the outside and used by the public, to be placed inside at Elliot City Hospital. This will be a private box, rung only for a fire at the hospital. One new box will be placed at the corner of Winchester and Blake streets.

The 20th annual convention of the New Hampshire State Firemen's Association held in Keene, September 26th, proved a success in every way, and I wish to extend my thanks to all who helped make it successful.

To the Mayor, and members of the joint standing committee on fire department, the members associated with me on the board of engineers, officers and members of the department, and to the public. I cordially extend my sincere thanks and appreciation for the liberal aid and generous support rendered me during the past year.

The following signals were adopted by the board of engineers, January, 1907:

1. The superintendent has the right to strike one blow upon the bells at any time, to test the circuit; also to ring in one round from any box, preceded by a single blow, exactly five minutes after the noon stroke, on Saturdays, for the purpose of testing the boxes.

2. In case of a serious fire the engineers may cause a second alarm to be sounded from the nearest box. A second alarm is given by striking ten blows, followed by the box number.

3. As Box 9, which is located on city hall, is still likely to be used for general alarm, and to be pulled for a fire which is not in or near the square, the engineers will ring in a second alarm, or four full rounds, from this box if there is fire of any magnitude near the square.

4. The old alarm on city hall will only be rung between 9 p. m. and 6 a. m. except in case of serious fire.

5. Arrangements have been made with the Beaver Mills Company and alarms of fire will be given on their whistle the same as by the bells.

REPORT OF CITY PLAYGROUND COMMITTEE.

The 1917 season of the City Playgrounds was brought to a successful close on August 23rd.

The average daily attendance of children at the Howard street grounds was 100 and at the Marlboro street grounds 60. The total attendance of the sessions was 7,697.

There was a falling off of attendance of the boys of 14 years and over employed in the gardens and in the shops, but these children availed themselves of the opportunity to attend the evening sessions.

The Sunset League this year consisted of four teams and they played a series of (?) games at the Howard street grounds with an average attendance of 100. The schedule was not finished owing to the fact that many of the players were called away with the State National Guard. The standing of the teams at this time was as follows:

- 1st. Lynn Wood Heel.
- 2nd. White Sox.
- 3rd. Y. M. C. A.
- 4th. Washington A. C.

The feature of this year's swimming was a separate period for boys and girls at each playground. The Howard street children were taken to the "Wade Across" while the convenient location of the South Keene dam afforded the Marlboro street children much pleasure. There was an average attendance of 25 and the results of Mr. Miller's method of individual

instruction showed at the end of the season that 12 girls and 24 boys had learned to swim.

Special story-telling hours were held throughout the season and the increase of attendance of both children and adults proved their popularity. The following story-tellers kindly volunteered their services:

Rev. Howard Ingham,
Miss Mary L. Saxton,
Miss Eleanor Prentiss,
Miss Florence Lewis,
Miss Helen Burdette,
Miss Vera Butler,
Miss Roberta Smith.

The dancing was especially featured this year and was under the daily supervision of Miss McCushing. Folk dances of the various nationalities were taught and the older girls were instructed in aesthetic dancing.

Through the courtesy of Mr. Baldwin, manager of the Scenic Theater, 250 of the children were entertained at a special moving-picture performance.

Several hikes were taken throughout the season and the picnic field day at Wilson Pond will long be remembered by the children.

N. J. Miller and Miss Gertrude McCushing served as playground directors. The expense incurred was \$491.34.

On August 23rd an unusually interesting athletic meet and play festival was held in the rear of the High School and the children showed how much of health and happiness they had derived from their season on the City Playgrounds.

REPORT OF CITY SOLICITOR.

To His Honor the Mayor and Gentlemen of the City Councils:

During the past year the usual criminal matters in the municipal police court have received attention.

The petition of the Boston & Maine R. R. for abatement of the taxes against the stock in trade of the railroad at the railroad shops has been again continued to await the final decision in the similar case brought in the City of Concord.

The suit brought against the city by Mary Leslie, Admx., for damages of \$7,000.00 for the death of a child by drowning in Beaver Brook and for which liability on the part of the city is claimed, was argued in the Supreme Court at Concord and a final decision in favor of the city was handed down by the Court in June of this year.

Two cases where the city has over-paid taxes, involving several thousand dollars, have been referred to your solicitor and action is being taken looking toward recovery of the same.

Several prosecutions have been successfully completed looking toward forcing the observance of the child labor laws, the school attendance laws and the regulations of the State Board of Health.

Respectfully submitted,

WILLIAM H. WATSON,

City Solicitor.

Keene, December 1, 1917.

REPORT OF OVERSEER OF POOR.

To his Honor the Mayor and Gentlemen of the City Councils:

I herewith submit the annual report for the year ending December 1, 1917.

You will notice in this report that there appear a great many more county charges than ever before owing to the fact that the county commissioners have, according to law, turned over all the county charges living in Keene to the overseer to care for, which obliges the city to finance this department for the county from April to October and from October to April each year.

During the year I have furnished aid to city and county dependents; also dependent soldiers and their families, as follows:

I have examined, verified and allowed all claims paid by the city during the fiscal year, amounting to \$287,142.29 and the disbursements as reported by the city clerk agree with the entries made by the auditor in his book.

Respectfully submitted,

GEORGE H. SHERWIN,

City Auditor.

December 7, 1917.

VITAL STATISTICS.

VITAL STATISTICS.

To His Honor the Mayor and Gentlemen of the City Councils:

In compliance with an act of the legislature, passed June session, 1887, amended by the legislature of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual report," I herewith submit the following:

FRANK H. WHITCOMB,
City Clerk.
